

# VERNACULAR VIDEO MISSION INTERNATIONAL

## 2016 VVM-CMI DIRECTOR USA TOUR

PROJECT NO. 2016-VVMI-111

One of VVMI's core values is that we develop friendships and relationships with our ministry partners. This is a far cry from simply "throwing money" at our ministry partners. It means we really want to get to know them, understand the calling God has given them, and try to support them in that calling. Two other core values: we love to connect local congregations (the Church) across cultures, and indigenous missionaries, churches, and organizations are key elements in our partnering efforts.

One way we accomplish these values is by occasionally bringing ministry partner directors (and their wives, if possible) to the States to meet VVMI prayer and financial partners, whether individuals or churches.

This project is being established to help bring our Vernacular Video Ministry – Church Mobilization Initiative, or VVM-CMI, partner executive director, Darwin Bayani, and his wife, Nenette, to the

USA in October of 2016 for approximately 3 weeks. Darwin last made a Midwest USA tour during the summer of 2009, and it was memorable for all who met and heard him. With the many exciting advances being made through VVM-CMI, VVMI is thrilled that Darwin and Nenette are available to personally come and share what the Lord is doing and how VVMI's partnership is making a difference in the Kingdom of God.

Of course, besides the Bayani's connecting with brothers and sisters in Christ in the USA, it is also VVMI's hope that their having time together away from the normal stresses at home in the Philippines will give them an added boost – both in ministry and in their marriage.

Please consider partnering with VVMI in this effort, and contribute to the blessing of many. Our goal is to raise **\$5500** for tour expenses. If you would like to explore having Darwin and Nenette visit with you and/or your congregation in October, please contact Colin by phone at 309-338-1367 or by email at [cjedwards@vvmi.org](mailto:cjedwards@vvmi.org).

VVMI partners with and equips ethnic Christians who proclaim the Gospel through video and other media in their common language.
