

**VERNACULAR VIDEO MISSION INTERNATIONAL
VVMi & VMN PARTNERSHIP PROJECT
ONGOING EQUIPMENT REPLACEMENT AND
REPAIR FUND**

PROJECT NO. 2014-VMN-010 (Updated for 2016)

HELP VMN TEAMS KEEP UP THEIR AGING SYSTEMS...

In 1996, VVMi joined forces with *Overseas Missionary Fellowship (OMF)* to start the beginnings of **Vernacular Media Network (VMN)** on the southern Philippines island of Mindanao. Since its start, VMN has predominantly made and shown Christian videos in many of the various Manobo languages of Mindanao, and occasionally in Cebuano, the regional trade language.

VMN has at least 6 ministry teams working around Mindanao. Two of these teams has been pushing outwards and are now working with and encouraging local churches on the barely-reached islands of Leyte and Samar, as well as on some other islands north of Mindanao.

Hundreds of vernacular Gospel film showings, in tropical conditions, are being provided to tens of thousands of persons each year. Since most equipment has a 4 to 6-year life, ongoing replacement, maintenance, and/or repair of VMN's projection and other system components is required on a regular basis to continue VMN's vital ministry to Mindanao and beyond.

Known needs for 2016 include the following:

- DVD Players (3 @\$250/each = \$750)
- Small cameras (2 @\$110/each = \$220)
- Repair of various equipment (about \$1500)

TOTAL NEED FOR 2016 = \$2500

(All the above-noted equipment will be purchased or repaired in the Philippines.)

NOTE: This Fund typically requires about \$6000 per year to adequately maintain or replace existing projection systems and associated equipment used by the VMN Staff in Mindanao. Gifts beyond the noted 2016 projected need will be welcomed for future needs.
