PRODUCTION SUPPORT EQUIPMENT

PROJECT NO. 2015-ILMAV-012

HELP ENHANCE ILMaV'S PRODUCTIONS AND TRAINING

Impactando Las Lenguas Minoritarias Con Audiovisuales (ILMAV), or *Impacting Minority Languages with Audiovisuals*, is headquartered in Lima, Peru, South America. ILMaV began in 2009. It serves as an “umbrella” organization, providing assistance to several small, indigenous Christian media organizations in South America that are working to reach ethnic minority language groups using heart language tools. ILMaV is currently assisting such indigenous organizations not only in Peru but also in Paraguay, Ecuador, and Colombia, with the vision and desire to go anywhere else God would lead them.

Typical ILMaV ministry projects include:

- Dubbing videos created by others such as the Bible books of Genesis, Luke, Acts; “The Hope” video, and the “JESUS Film;”
- Dubbing of *Deditos* children’s finger puppet Bible story videos;
- Assisting local ministry partners with training and consulting;
- Audio recordings of the New Testament in dramatized form.

Along with computer and other needed equipment upgrades, several miscellaneous pieces of equipment will help ILMaV not only improve and streamline productions and safeguard data, but will also enable them to provide better training to their local ministry partners in managing programs for both audio and video editing.
