

## VERNACULAR VIDEO MISSION INTERNATIONAL VVM-I & VVM-CMI PARTNERSHIP PROJECT

### CAMERAS FOR CMI REGIONS

PROJECT NO. 2016-VVM-094

#### **CAMERAS TO BE USED TO DOCUMENT AND SHARE MINISTRY**

**Vernacular Video Ministry – Church Mobilization Initiative (VVM-CMI)**, headquartered in Baguio City, Luzon, Philippines, has been VVM-I's ministry partner from the beginning. VVM-CMI has been "mobilizing" local church groups – empowering them with video and Scripture tools – in the mountain provinces of northern Luzon since mid-2008. Starting in 2010, the VVM-CMI expanded to the region of Palawan and other islands southwest of Luzon. Now, in 2016, eighteen (18) active mobilized partner groups with hundreds of indigenous Christians are working across language and denominational lines for the purpose of sharing the Gospel through heart language videos and Scripture. New Bible study groups and church plantings are a normal result as local churches utilize media tools to assist their mission efforts.

As the ministry goes forward, it has been a challenge to record and document what the Lord is doing since the limited number of VVM-CMI administrative staff with a single camera cannot physically keep up with it. At the same time VVM-CMI recognizes that the CMI teams that are already doing rudimentary video/photo/audio reporting of their ministries greatly encourage local churches and other CMI teams through their reports. They also bring their often far-flung ministry activities to life for prayer partners both in the Philippines and in the States as the actual ministry comes alive in photos and videos that share real testimonies and scenes from the field.

The objective of this project, then, is to provide each regional group (Northern Luzon – 7 teams; Palawan – 5 teams; and Bicol-Samar-Masbate – 6 teams) a basic but resilient camera and accessory equipment to enable the 3 Regional Coordinators to capture ministry events and testimonies on digital media. It is intended this data will be utilized locally as well as provided to the VVM-CMI Director and VVM-I for accountability purposes and for the encouragement of the Saints.

**Equipment to be provided by this project includes three (3) sets of:**

**Canon Powershot SX530 Camera with extra rechargeable batteries and charger, extra SDHC memory cards, and a camera holster bag**

Ideally, this equipment will be hand carried by VVM-I Mission Volunteers to the VVM-CMI Regional Coordinators in the Philippines. VVM-CMI staff will train the Regional Coordinators in the use and care of the equipment.

**HELP VVM-I AND THE VVM-CMI BETTER SHARE WHAT GOD IS DOING IN THE PHILIPPINES AND ENCOURAGE THE SAINTS BY SPONSORING ALL OR PART OF THIS PROJECT!**

**EACH CAMERA EQUIPMENT SET IS \$425**

**ALL 3 CAMERA SETS ARE \$1275**

#### The Philippines

**CANON POWERSHOT SX530**

**VVM-I partners with and equips ethnic Christians who proclaim the Gospel through video and other media in their common language.**
